

The Express Bridge Loan Pilot Program allows small businesses that have a current business relationship with an SBA Express Lender to access up to \$25,000 with less paperwork. These loans can provide vital economic support to small businesses to help overcome the temporary loss of revenue they are experiencing due to COVID-19. These can be a term loan or used to bridge the gap while waiting for the determination on your application for a direct SBA Economic Injury Disaster Loan.

To find more information and locate an Express Bridge Loan Lender please visit:
