

LA REGIONAL COVID-19 RECOVERY

FUND: ROUND 5 OPENS TODAY

October 5, 2020

LAX Integrated Express Solutions (LINXS) Constructors would like to let our certified firms community know about the next round of the [LA Regional COVID-19 Recovery Fund](#), which provides grants to small businesses operating in Los Angeles County. The fund was created by the County of Los Angeles and the City of Los Angeles, in partnership with institutional and corporate philanthropy. **Round 5 (of 6) begins accepting applications today, October 5th, through Friday, October 9th.**

Please [click here](#) for more information about the grant and how to apply.

CALTRANS WEBINAR SERIES

[Click here](#) to register.

Please continue checking your email for more resources and relevant updates from LINXS Constructors. If you have any questions, please email: opportunities@linxscjv.com.

Thank you,

LINXS Inclusivity/Certified Firms Outreach Team

ABOUT THE PROJECT

The Automated People Mover (APM) system will bring convenience and time-certainty for guests traveling to or from LAX. During peak hours, driverless trains will arrive at stations every two minutes. The trains will have wide doors for easy access with luggage, large windows for viewing, plenty of hand holds, and seats for those in need. Station platforms are open-air, light-filled and have escalators and elevators quick, convenient access to the terminals. The APM is the centerpiece of the Landside Access Modernization Program (LAMP), which also includes a Consolidated Rent-A-Car (ConRAC) facility, Intermodal Transportation Facilities, and associated roadway improvements. The APM will reduce vehicle congestion in the Central Terminal Area, provide a connection with L.A. Metro's regional transportation system, create new locations for passenger pick-up and drop-off, reduce emissions, and provide reliable access to the terminals.
