Information for Businesses

Regional Safer at Home Order

On December 3, California health officials announced a Regional Stay at Home Order that will be triggered if Intensive Care Unit (ICU) capacity drops below 15% in a given region. If a region falls below the ICU threshold, it will have 24 hours to implement the Stay at Home Order to further prevent crowding and mingling among non-household members, and overwhelming the healthcare system.

As of Saturday, December 5, the ICU capacity fell below 15% in our region.

Effective Sunday, December 6 at 11:59 P.M., the LA County Health Order will align with the State Regional Stay Home Order, and the following sectors are required to close or remain closed for all operations:

- Indoor and outdoor playgrounds
- Indoor recreational facilities
- Hair salons and barbershops
- Personal care services
- Museums, zoos, and aquariums
- Movie theaters
- Wineries
- Bars, breweries, and distilleries
- Family entertainment centers
- Cardrooms and satellite wagering
- Limited services
- Live audience sports
- Amusement parks

The following sectors will have additional modifications in addition to 100% masking and physical distancing:

- **Outdoor recreational facilities:** Allow outdoor operation only without any food, drink or alcohol sales. Overnight stays for recreational visits at campgrounds are not permitted.
- **Retail:** Allow indoor operation at 20% capacity with entrance metering and no eating or drinking in the stores. Additionally, special hours should be instituted for seniors and others with chronic conditions or compromised immune systems.

- **Shopping centers:** Allow indoor operation at 20% capacity with entrance metering and no eating or drinking in the stores. Additionally, special hours should be instituted for seniors and others with chronic conditions or compromised immune systems.
- **Hotels and lodging:** Allow to open for critical infrastructure support only.
- **Restaurants:** Allow only for take-out, pick-up, or delivery.
- **Offices:** Allow remote only except for critical infrastructure sectors where remote working is not possible.
- **Places of worship and political expression:** Allow outdoor services only.
- **Entertainment production including professional sports:** Allow operation without live audiences. Additionally, testing protocol and “bubbles” are highly encouraged.

The following sectors are allowed to remain open when a remote option is not possible with appropriate infectious disease preventative measures including 100% masking and physical distancing:

- Critical infrastructure
- Schools
- Non-urgent medical and dental care
- Child care and pre-K

The Order does not modify existing school guidance. Schools that are open under County protocols can continue to provide in-person instruction as permitted.
