## Information for Businesses

### L.A. County Vaccination Mandate Begins for Alcohol- Related Industries

Effective October 7, 2021, the County Health Officer Order required bars, breweries, wineries, distilleries, nightclubs and lounges to verify, for indoor service and operations, the COVID-19 vaccination status of all patrons ages 12 and over. Unvaccinated patrons may be served in outdoor seating areas, if they exist.

As of today, November 4, 2021, all on-site employees must provide their employer with proof of full vaccination against COVID-19. To read the full order, please visit [LA Department of Public Health- Health Order](#).

The Los Angeles Department of Public Health requirements for food and beverage services can be found [here](#). For further guidance on vaccination guidance, please visit [http://publichealth.lacounty.gov/media/Coronavirus/docs/HOO/Proof\\_vaccine\\_card.pdf](http://publichealth.lacounty.gov/media/Coronavirus/docs/HOO/Proof_vaccine_card.pdf).

The City of San Gabriel urges our bars and restaurants to consider establishing permanent outdoor dining opportunities to serve patrons. To learn about and apply for a permanent outdoor dining permit, please visit [Outdoor Dining Application](#). The Economic Development Team continues to waive the fees for the initial permit application in an effort to support our businesses.
