A Letter from Los Angeles County Supervisor Hilda L. Solis

Dear Friends,

No words can truly express the sadness I feel about the senseless killing of Corporal Michael Paredes and Officer Joseph Santana of the El Monte Police Department.

Our community is shattered at the loss of two fallen heroes who were senselessly murdered in the line of duty earlier this week doing what they dedicated their lives to do – serving their beloved community of El Monte and making it a better place to live.

The calling in life to train, wear a badge, and commit to becoming a law enforcement officer is not one that is taken lightly. Officer Santana and Corporal Paredes answered the call to duty and in the worst of circumstances, tragically lost their lives. What we are now left with is the pain and arduous path to healing.

As Supervisor for the First District and a resident of the City of El Monte, I'm grateful for their service and will do everything possible to support their family and colleagues while they mourn. The sacrifices of these public servants to keep our community safe will never be forgotten. May their souls rest in eternal peace.

Grief counseling and emotional support are available through the LA County Department of Mental Health at 800-854-7771 or by clicking [here](#).

As always, if you have any questions, do not hesitate to reach out to my office.

Sincerely,

Hilda L. Solis

Supervisor, First District

Foothill Gold Line Light Rail Project from Glendora to Pomona Reaches 50% Construction Completion!

Today, the Foothill Gold Line Construction Authority held a press conference to celebrate the 50% construction completion for the 9.1-mile Foothill Gold Line light rail project from Glendora to Pomona. The project will add four new stations in the cities of Glendora, San Dimas, La Verne, and Pomona. After the Gold Line Extension to Pomona is completed in 2025, the Regional Connector will allow you to take a one-seat ride from Pomona all the way to Long Beach. We have not seen that kind of sustainable mobility here in Los Angeles County since the streetcar system was in operation. As the Chair of the Metro Board of Directors, I am thankful to all the partners for bringing this project to fruition for our San Gabriel Valley community.

Attending the LA Youth Mental Health Summit with US Surgeon General

So honored to meet with U.S. Surgeon General Dr. Vivek Murthy ahead of his keynote at the Youth Wellness Now! Summit.

Youth mental health is an emergency health crisis, and I'm thankful that East LA youth from The Garage Skate Shop were able to join and provide valuable input.

COVID-19 Vaccine for Children Ages 6 Month and Older

Hey, parents and guardians!

The FDA met this week to discuss COVID-19 pediatric vaccinations for infants and young children over 6 months old.

To learn more about pediatric vaccines, and to find a location near you, visit [VaccinateLACounty.com](https://www.vaccinatelacounty.com).

COUNTY OF LOS ANGELES
Public Health

The US Centers for Disease Control and Prevention (CDC)'s Advisory Committee on Immunization Practices is expected to approve COVID-19 vaccines for ages six months and older tomorrow.

With this approval, LA County will have over 900 locations to administer vaccines, with most starting next week. This includes almost 180 healthcare provider facilities such as pediatricians, over 200 pharmacies, over 500 mobile sites, and seven POD sites.

Parents and guardians who plan to vaccinate their children at Public Health sites should be aware of the following:

- The COVID-19 vaccine is free.
- If insured, individuals should bring their health insurance card (COVID-19 vaccines remain free regardless of insurance status).
- Individuals will not be asked about their immigration status when getting vaccinated.
- No appointment is needed at many locations.

We encourage parents to reach out to their pediatricians to learn more about the COVID-19 vaccines.

Faith Communities: Help LA County End Homelessness!

**Outreach to
Faith-Based Organizations**

What to DO? Fill out a 15-minute survey by clicking on the link above or scanning the QR code below! Help us take steps to strengthen and deepen our partnership, and to develop a strategic plan for continued collaboration.

"Many of our most vulnerable are more likely to trust and accept a meal and a bed from their local church or temple than they are from a government agency...No government will solve homelessness without the partnership of our faith-based communities" - Supervisor Solis

Faith-Based Organizations have a time-honored tradition of service to people in need, providing compassion, charitable donations, safe haven, and more, in the practice of their beliefs. Now the Los Angeles County Homeless Initiative is seeking to build partnerships with the faith community and develop a strategic plan for continued collaboration.

The Homeless Initiative is asking leaders of faith-based organizations to fill out a 15-minute survey to better understand the support and services they provide to people experiencing homelessness or living in poverty, and to gauge their interest in expanding these efforts.
